

# HOW TO RECYCLE BOAT SHRINK WRAP

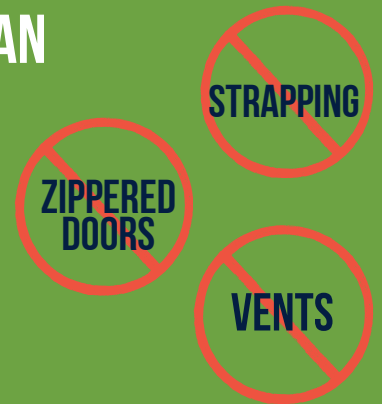

## 1 REMOVE SHRINK WRAP FROM YOUR BOAT

Cut above the strapping at the belly of the boat so the strap falls away, leaving only shrink wrap.

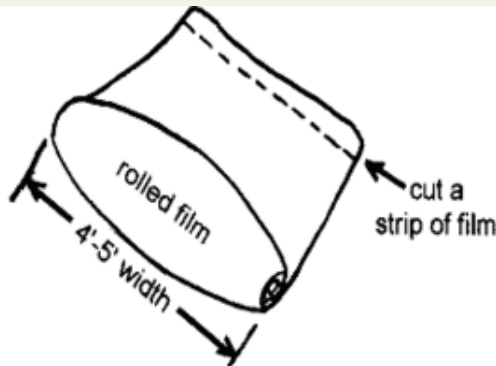

## 2 MAKE SURE IT'S CLEAN

Remove any plastic vents, zippered doors, and any other non-shrink wrap material. Make sure the wrap is dry and free of leaves and other debris.

## 3 BUNDLE IT!

Fold the clean wrap and roll it like a sleeping bag. Tie the roll with a strip of shrink wrap. Voila!

1) Fold the film into a width of 4-5 feet, roll the film up and then cut off a strip of film from the end of the roll...

(2) and use the strip of film to tie the bundle.
