

River Herring, Male, # 228000347652 (A)

DAM PRESENT

Directions:

- (1) Make sure you have a dry erase marker, Dam Present laminated map, telemetry worksheet, and pencil.
- (2) Locate the first antenna that your fish crossed and mark it with your dry erase marker.
- (3) Locate the second antenna, mark that your fish crossed it and draw a line connecting the two.
- (4) Continue to draw the path that your fish took. If your fish passes an antenna more than once, make sure you draw your line showing that. You can place multiple dots at an antenna if the fish is detected at the same antenna multiple times in a row.

Helpful Hints:

- A try is when your fish attempts the fish ladder (station 2) but does not make it to station 3.
- Military time goes from 0 (midnight) to 23:59 (11:59 pm)

River Herring, Male, # 228000347500 (Q)**DAM PRESENT****Directions:**

- (1) Make sure you have a dry erase marker, Dam Present laminated map, telemetry worksheet, and pencil.
- (2) Locate the first antenna that your fish crossed and mark it with your dry erase marker.
- (3) Locate the second antenna, mark that your fish crossed it and draw a line connecting the two.
- (4) Continue to draw the path that your fish took. If your fish passes an antenna more than once, make sure you draw your line showing that. You can place multiple dots at an antenna if the fish is detected at the same antenna multiple times in a row.

Helpful Hints:

- A try is when your fish attempts the fish ladder (station 2) but does not make it to station 3.
- Military time goes from 0 (midnight) to 23:59 (11:59 pm)
