

NOAA Live! Webinar – *Up, Up and Away – Flying High with NWS Weather Balloons*
With Jeff Orrock, NOAA's National Weather Service in Wakefield, VA

NGSS Connections:

- 3-ESS2 Earth's Systems: Students who demonstrate understanding can: Represent data in tables and graphical displays to describe typical weather conditions expected during a particular season.
- MS-ESS2 Earth's Systems - Students who demonstrate understanding can: Collect data to provide evidence for how the motions and complex interactions of air masses results in changes in weather conditions.
- MS-ESS3 Earth and Human Activity- Students who demonstrate understanding can: Analyze and interpret data on natural hazards to forecast future catastrophic events and inform the development of technologies to mitigate their effects.
